College Campus 2021 – 2022
- WordPress an ultimate website  
builder - College Campus 2022 – 2023

## Academic Project

- Project Name :
- Coding Language: Dart, android studio, flutter, vs code.

### Handwritten Devanagari character recognitionn

In this project i will use machine learning to train the models with the devanagari scripts to recognize the handwritten devanagari character I will provide an application which will take image using device camera or can upload the image from the gallery The uploaded image will be analyzed using the trained ml model and will provide the output as devanagari text

Main feature - It will not only recognize the character but the whole sentence or the text on the whole page, the text can be copied to the clipboard and can be shared with anyone
